WOMEN'S MISSIONARY WORKERS MAKE ADDRESSES

State Officers of the Christian Women's Board of Missions Held Conference Here Yesterday and Made Addresses Last Night.

Mrs. Louise Loos Campbell, of Lexington, State Secretary of the Christian Women's Board of Missions and Mrs. Stanley, of Louisville, Assistant State Secretary, were here yesterday as the guests of the C. W. B. M. organization of the local Christian Church.

These women are on a trip over the entire state holding conferences with local organizations and receiving reports from these organizations as to the progress of their work.

Yesterday afternoon a very interesting conference was held with the members of the local organization at the Christian Church and last night the ladies addressed members of the various Women's Missionary Societies of the city at a meeting held at the church.

At the conference and the meeting last night the visiting women gave some splendid ideas and suggestions to the local workers and their visit was very helpful and greatly appreciated.

AUTO DRIVER WAS TESTING BRAKES

Ed Gordon, an automobile mechanic, was before Police Judge John L. Whitaker yesterday afternoon on a charge of exceeding the speed limit. Gordon explained that he was testing the brakes on a car for a physician and as he had never before been found guilty of exceeding the speed limit, he was released and the warrant against him was filed away.

AUTOMOBILES ALREADY RENTED

That there will be a large crowd at Ruggles Campgrounds for the last Sunday is indicated by the fact that already most every available automobile in Maysville has been rented. One lively concern operating three automobiles have had all three machines rented for a week.

Mr. William Gableman of Portsmouth, Ohio, former Ohio State League manager, is in Maysville today shaking hands with old friends.

MANY DESIRE TO HAVE PART IN SUBSCRIPTION

Several Contributions to the Auditorium to Be Built at Camp Holabird, Baltimore, Md., Have Been Made By Local People.

The announcement yesterday that Mayor Thomas M. Russell had been asked by local men now stationed at Camp Holabird, Baltimore, Md., to take up a subscription among local people to help build a large auditorium at the camp for the soldiers, has brought many contributions to this fund.

Mason county is asked to donate twenty-five dollars toward a fund of \$30,000 to make the auditorium possible and it is certain that at least this much will be contributed here.

All of the men located at the camp have written to the Mayors of their home cities asking that a contribution twenty-five dollars be made and Maysville will do her full part toward this fund as she has done toward all other war objects.

Those who desire to make a contribution to this fund should see Mayor Russell as soon as possible and make the contribution so that the twenty-five dollars or more can be sent to the camp at the earliest possible date.

MEN VOLUNTEERING FOR SPECIAL TRAINING

Already a number of the young men who are expecting calls to military service this month have applied to the local Exemption Board for appointment in the squad of five men who will leave here early this month for Indianapolis to enter special mechanical training. The men will be named in a few days by the board members.

MANY SEE BIG FEATURE PICTURE

The big feature picture, "Blue Blood" which was shown at the Gem yesterday afternoon and the Washington Theater last night attracted large crowds at all performances. The picture taught a lesson that is an old one and yet has not been learned by the whole world. It was an unusual picture and those who saw it came away benefited.

Try a pound of T. G. Butter.

GERMANS AGAIN ON RUN BEFORE THE ALLIES

Americans Thrust in Center of Line at Serlinges Has Already Given Results—Enemy Flees Pre-emptively Before Allied Forces.

With the French Army in France, August 1—General Mangin, with the French and British troops of his command, is fighting a severe battle north of the Oureq river and is making considerable progress.

After taking the village of Grand Rozoy, northwest of Pore-en-Tardenois, the Allied troops advanced to the Plessere wood, where the combatants are in the closest of grips and the combat is extraordinarily fierce. The heights north of Grand Rozoy have fallen into the hands of the Allies and at several points the Allied troops have approached within five miles of the railroad leading to Bazoches, which is the only railroad that can be used by the Germans for maintaining communications.

With the French Army in France, August 1—With the fall of darkness tonight fighting continued between the Allies and the Germans on the western side of the Solsons-Rheims salient. Allied observers reported that bodies of German troops were fleeing precipitately northward along the road leading from Lannoy, which lies about midway between Solsons and Pore-en-Tardenois.

Washington, August 1 — The German armies apparently are again on the retreat in the Alsne-Marne salient. The American thrust in the center of the line, at Serlinges-already has given result. The Paris statement tonight showed that the Allied forces had leaped forward on the German flanks on both sides, indicating to observers here that the withdrawal to the Vesle was in full swing.

The enemy made every effort to hurl the Americans back across the Oureq, but failed. With magnificent gallantry, British and French forces took full advantage of the situation. The enemy was hurled off Chalmont Butte in a dash to the east, the French also hammered at his lines. Tonight's report shows that it was made untenable and that the French and British have made rapid progress in exploiting the success.

The fact that 600 prisoners were taken in one part of the action indicated that the retreat was more precipitate than it has been for last few days. This was viewed as further evidence that the enemy was withdrawing under pressure and gave new hopes that his lines along the Vesle would not be fully prepared when the Allies arrive before them.

Aside from the gains in territory made in the Allied counter drive, officers believed it has already served its greatest purpose in proving to the German army that it is not invincible. The enemy has been felled in his objectives, first in his thrusts toward Rheims, organized with all the skill and inspiring effort of which he was capable, and then in his effort to hold his gains against a counter assault. Twice he has tried to stem the tide of advance that has been set against him and twice he has failed. His best troops have been thrown in recklessly and fought with utter heroism without avail. The crushing force of the Allied effort continued and compelled further retreat.

Secretary Baker has received no answer today to his recent instructions to General Pershing to expedite casualties.

RIVER GETTING VERY LOW

The Ohio River at this point is now reaching a very low stage and is again too low for anything but the very smallest boats. If it continues to fall in the next few days as it has in the last all boating will again be suspended. The sand bar on the Ohio side is again out and the bathing is again the order of the day and night.

48 SOLDIERS QUALIFY OUT OF 54 YOUTHS

Large Percentage of the Young Men Examined by Mason County Board Yesterday Were Physically Fit—Fifty More Examined Today.

Out of a total of fifty-four young men examined yesterday by the local board for Mason county forty-eight were found to be physically fit for soldiers and only six were rejected as being disqualified for service.

The examination went through in good shape and the examiners finished their work early. Some of the young men ordered in for examination yesterday did not put in their appearance and there was evidently some little misunderstanding.

Because quite a number of the young men expected yesterday did not appear and will likely be handled today with the large number of men ordered in for today, it is expected that the local board members will be kept quite busy all day today.

The examiners report that the young men who faced them yesterday were as fine a lot of youngsters as they have seen in a long time and will make splendid fighting men after a little training.

The results of the day's examination yesterday follows:

Physically Fit

William H. Phillips.
Joshua Campbell.
James E. Craycraft.
Tommy Humphrey.
Robert C. Fowler.
Earl Bennett Pampelly.
Everett R. Campbell.
Paris White.
Larue A. Tuggle.
Frank Stroud.

Mrs. W. L. Lyons and children of West Second street leave this afternoon for Ruggles, Lewis county, to visit her mother, Mrs. Anna Young.

APPLICATION FOR LICENSE MADE BY CAPTAIN GREENE

Greene Line Head Was in Maysville Yesterday Preparing to Bring New Wharftout Here—License Committee Refused to Act Now.

Captain Gordon C. Greene, of the Greene Line, spent all day yesterday in Maysville on business in connection with the proposed new wharftout for Maysville and held several conferences with prominent business men in regard to bringing the new wharftout here next week.

Captain Greene called on Chairman Thomas Lally, of the License Committee of City Council and made application for a license to operate a wharftout here. Mr. Lally did not agree to recommend the issuance of the license until the Wharves and Ferries committee had acted on the matter and referred the matter to Chairman Frank Hunsicker, of the Wharves and Ferries Committee and the other members of that committee.

Mr. Hunsicker says Captain Greene did not pay him a visit on the matter yesterday.

In talking the wharftout question over the local business men and officials here yesterday Captain Greene said that it was not his intention to monopolize the river business of the City of Maysville for the Greene line of steamboats and that he would certainly allow boats of other lines to land at his wharftout if he were given a license.

Before a license is recommended by the License Committee or granted by the City Council, however, the Wharves and Ferries Committee is to be heard from and it was understood yesterday that this committee will continue to insist upon a contract between the city and the Greene line before the license will be recommended and in this contract specified rates of wharfage are to be agreed upon by commission and representatives of the steamboat company.

Captain Greene is very anxious to get everything in shape so that the committees can act this week and make recommendations at the meeting of the City Council on next Monday night. Immediately upon the granting of a license, Captain Greene plans to move his wharftout to the local grade and begin operations.

NEW SUBSCRIBERS CONTINUE TO COME IN

The Public Ledger is daily growing in popularity and the public is greatly appreciating our efforts to give them a first-class local newspaper. Seven more new subscribers were added to the Ledger's list yesterday and they continue to come every day. The public is learning to look for all the live local news every day in the Public Ledger.

HIRDON-TURNER

Mr. Claud D. Turner, aged 29, of Flemingsburg and Miss Lula E. Rigdon, aged 31, of Portsmouth, Ohio, were married here yesterday afternoon by Rev. A. F. Stahl, pastor of the Christian Church.

NO MORE FREE PAPERS

Under a ruling of the Federal War Industries Board, the management of the Public Ledger was compelled yesterday to cut all free papers from the list with a few exceptions listed in the Board's orders. In the future there will be no free Ledgers distributed and those who have heretofore been receiving their Ledger as a courtesy of the management will understand that all free papers are being discontinued by orders of the government in their plan to conserve white paper.

We Who Are Now Growing

Slightly bald and reminiscent often wonder if ever again will come back the days of ten-cent beefsteak and three-dollar pants; the days of twelve-cent eggs and real butter at twenty cents the pound—a pound that slammed the scale beam up with a vicious thud instead of a wavering hesitant, timid, weak and snail-like pace to where it lightly kisses the bar and then limply recedes, two ounces short.

Probably not, and the only thing for us to do, is to adjust ourselves as best we can to changed conditions. Things are high but crops and great labor is being well paid. So, let's smile,—all smile,—and remember the Square Deal Man's on Square Deal Square. "God's in his high heaven and all's right with the world."

PARTY POLITICS CONTROLS OWENS

When the board of County Commissioners took their seats they announced to the people of Mason county that they expected to conduct the business affairs of the county in a strictly business like manner and that they expected to save the county all of the money possible in all of their business transactions.

Following out this general plan the Commissioners have reduced expenses wherever they could possibly do so and the county has been given the most business like administration it has known in many years.

Realizing that heretofore the county has spent large sums of money each year in printing and advertising the Commissioners began their term of office by asking for bids for county advertising.

These county officials knew that for the printing of county ballots large sums of money had been paid and shortly before time for the printing of the ballots to be used in tomorrow's primary election, County Judge Parnell and the Commissioners requested County Clerk Owens, who by law is authorized to have this printing done, to ask for bids for this work from all of the Mason county printers and they also asked that he award the contract to the printers making the lowest and best bid.

The local printers prepared bids to submit to Mr. Owens but he refused to accept the bids and awarded the contract without any investigation as to price to the Daily Bulletin, the Democratic organ of the county.

Through this action, Mr. Owens has refused the request of the County Commissioners. He has refused to give all of the printers of the county a square deal in distributing this work and has refused to step in line with the County Judge, Commissioners and other officers in their endeavor to give Mason county this year a money saving administration of the county's business.

Mr. Owens, who was one of the very few Democrats left in office after the Republican landslide of last year, has allowed party politics to control the affairs of his office while other officials have been distributing work to the best advantage of the county's treasury irrespective of politics.

Just this sort of business is responsible in a large measure to the great Republican landslide of a year ago. The people of the county had become sick and tired of a few men controlling the affairs of the county and they spoke in unmistakable terms. Despite this demonstration of the feeling of the people of Mason county, Mr. Owens refused even to receive bids from other printers to ascertain the probable cost of the printing of the ballots but it is our opinion that public sentiment will be so very strong against this sort of party politics when the county's funds are concerned that in the future whether Republican or Democrat the county's interests will always be first.

MUCH MONEY IN GATHERING SUMAC

Department of Agriculture to Assist in Developing Industry With Plant Which Is Valuable Source of Tannin.

Washington, D. C., August 1.—Women and children on farms can make good wages from June to September by gathering and curing sumac as a side line, the United States Department of Agriculture says. To assist in firmly establishing the industry of gathering this wild plant—a source of tannin used in tanning and dyeing—the department is soon to publish in a bulletin helpful suggestions to gatherers and dealers. It is believed that the possibilities of the sumac industry has not been realized and that war's interruption of Sicilian importations makes the present an opportune time to place the industry on a firmer footing. The sumac plant is chiefly abundant east of the Mississippi River from Maine to Central Georgia and Mississippi.

Domestic sumac as now prepared for market contains less tannin and is much inferior in color to the imported Sicilian sumac. When properly gathered and cured, domestic sumac leaf contains from 25 to 30 per cent. of tannin, practically as much as the Sicilian variety. Gatherers in this country in recent years have received a low price for sumac—from 80 cents to \$1.10 per hundred pounds. Carefully gathered and properly cured Sicilian sumac leaf sells in this country at from \$2.50 to 14 a hundred pounds.

Proper methods of gathering, curing and handling sumac are explained in the bulletin. The common domestic varieties of sumac are described, so that they may be readily recognized and data on the comparative tannin content are given, together with other practical information on the subject.

COAL RECORDS BROKEN

Logan, W. Va. — Logan District, Chesapeake and Ohio Railway, month of July loaded 1,070,000 tons coal breaking all records. Nearest approach to this total was in May, when 955,000 tons were loaded. Prior to this draft this field has lost 1,100 men, of whom 925 were miners. Increased loading, due to greater efficiency and co-operation on part of men and operators alike, coupled with improved facilities, good living conditions and railroads furnishing good car supply throughout the month.

LIMING INCREASES WHEAT YIELDS

Liming gives nearly everywhere increased yields of wheat. Two tons of ground limestone per acre will last for six or eight years and, as a rule, in the experimental work, an increase of 20 per cent. in the wheat crop has been the result. The writer knows of no material outside of acid phosphate so sure as lime to increase the wheat crop appreciably. However, he would not recommend it for land which produces good crops of clover without liming.

Both our climate and the physical make-up of our soils are favorable to wheat production, but the soil fertility is too low. There is need of manure as well as of lime and phosphate. Early soil preparation, the right variety and the proper time of seeding are important, as well as each of many details that might be mentioned, and he who neglects to consider them will suffer loss of, put together these details make the difference between success and failure. At the same time the cry goes out in increased soil fertility. Study over the matter. Can not more farm manure be saved and used for wheat than in the past? Why not lime the land for the sake of both the wheat and the clover and grass which follow?

C. A. MOORES,
In Southern Agriculturist.

100 WOMEN MARCH IN ANTI-RENT RAISE PARADE

Philadelphia, Pa.—One hundred women from the 1300 block of South Stanley street, between Thirteenth and Thirty-first streets, carrying American flags, marched into United States District Attorney Kane's office, in the federal building, to protest against the alleged "unwarranted raising of rent" for their houses upon the part of the Perella Realty company, Sixteenth and Moore streets.

They asserted rents had been raised from \$11 to \$15, with further raises in sight. Their husbands are all engaged in war work.

Assistant District Attorney Sterrett said that at the moment there was no provision his office could take action upon, but he extended his sympathy and promised to report the complaints to the real estate board. He will also bring the matter to the attention of the fuel administrator.

A Japanese is the inventor of a street sprinkler that distributes water so as to form advertisements on smooth pavements.

CLOSE TAB IS KEPT ON SUGAR DURING AUGUST

Sugar Rations For This Month Will Be Two Pounds and Close Account Will Be Kept of Supply on Hand.

The sugar ration for August will be two pounds, and Federal Food Administrator Fred M. Sackett, has issued instructions to the County Administrators to see that the limit is strictly enforced. Under the new system devised by Mr. Sackett, it will be an easy matter to punish the selfish householder or the careless and unpatriotic merchant.

Mr. Sackett's instructions to the retailers provide as follows: "A book or card system must be kept in which is registered the name of the household buying sugar, the number of persons in the family, the allotment for the month at two pounds per head, the dates during the month on which the purchases were made, and the total at the end of the month supplied to the family must not exceed the allotment. The book must be kept alphabetically arranged and the purchases of each family kept on the page or the card reserved for the family, so that the inspector can see at any time without hunting through the book to find the purchases. The better plan is a small card system which can be kept in a box, and each purchase entered on the purchaser's card and the cards kept in alphabetical order."

In view of the reduced ration, the allotment to retailers for August has been cut. Every retailer has filed with Mr. Sackett a report of the amount of sugar sold during the last month. Only two-thirds of this amount will be supplied him during August.

Merchants supply sugar out of their regular stock to householders with rationing certificates. If the certificates are found to have been properly issued, the Administration will replace the sugar sold for this purpose in this way, if a merchant become careless in selling for rationing purposes, his stock will become depleted and his business will suffer. For this reason, it is believed that the few merchants who may be unpatriotic will be forced to conduct their business just as if they were.

MAY PROHIBIT COAL SALES WHERE WOOD IS PLentiful

Washington — State Fuel Administrators have been advised by the United States Administration that they have authority to prohibit, except under special permission, the sale of coal to domestic consumers in localities where a plentiful supply of wood is available. They were also advised if wood dealers advance prices because of the increased demand, they may be dealt with under the Lever Act.

CAMPMEETING IS NEARING CLOSE

The annual meeting at the Ruggles Campgrounds is now nearing a close and will be wound up with a great meeting on next Sunday. The last day of Ruggles Campmeeting always brings folks from all over the country who were born and raised in this country to meet old friends and it is expected that there will be an unusually large crowd on hand this year.

A new system of incubation hatches chicks by the heat of an electric light under a glass bell in which the eggs are placed.

DOCTOR URGED AN OPERATION

Instead I took Lydia E. Pinkham's Vegetable Compound and Was Cured.

Baltimore, Md.—"Nearly four years I suffered from organic troubles, nervousness and headaches and every month would have to stay in bed most of the time. Treatments would relieve me for a time but my doctor was always urging me to have an operation. My sister asked me to try Lydia E. Pinkham's Vegetable Compound before consenting to an operation. I took five bottles of it and it has completely cured me and my friends who have any trouble of this kind what Lydia E. Pinkham's Vegetable Compound has done for me."—NELLIE B. BRITTINGHAM, 609 Calverton Rd., Baltimore, Md.

It is only natural for any woman to dread the thought of an operation. So many women have been restored to health by this famous remedy, Lydia E. Pinkham's Vegetable Compound, after an operation has been advised that it will pay any woman who suffers from such ailments to consider trying it before submitting to such a trying ordeal.

APPEALS MADE TO Y. M. C. A. BY ALLIED OFFICERS

General Pershing and General Foch Make Appeals to the American Y. M. C. A. For More Men.

Renewed appeals from General Pershing and General Foch, together with the plans of the Government at Washington to have nearly 1,500,000 in France by September, have resulted in a new drive by the National War Work Council of the Y. M. C. A. to recruit approximately 4,000 business and professional men for overseas duty during the summer. New York City has accepted a quota of 1,000 men above draft age to serve the soldiers in Red Triangle units and other Y. M. C. A. recruiting organizations over the country making an effort to enlist the services of 3,000 other men.

"The men most needed here are the men most needed in France today," says an announcement received here today by C. A. Teveling and D. H. Lyon of the State Young Men's Christian Association. "The Y. M. C. A. is basing its appeal for men on the ground that there is no job in France too small for the biggest man in any American community. The Y. M. C. A. workers in France have had to become a part of the military machine. Gen. Pershing relies upon the Association to keep up the morale of the troops so that with military training they may become the most efficient fighting machines that ever went into active war service."

"First of all, there is a pressing demand for men who are natural leaders, men who are real men, good mixers and capable of exerting the proper influence. These leaders generally are assigned as hut secretaries, in which position they will require a versatility almost inconceivable. They must be able to undergo as searching a physical examination as does the man admitted to the combat branches of the service. Ambassador Shary, in a recent appeal for more workers, emphasized the fact that many were breaking under the terrific strain."

"That is the answer to those who regard the Y. M. C. A. as a paradise for pacifists, a refuge for slackers. We can use none of them in our service. At least one in eight or ten of our workers in France is in the shell zone. Recent dispatches have told of the gassing of our workers, of their death or serious injury caused by bursting shrapnel. The uniform of the Red Triangle is not for the man who does not want to go to war. It is the uniform that every 'middle-aged' man should aspire to wear. Although it gives him no military rank it gives him the opportunity for patriotic service and for distinction—many 'Y' workers in France have already been cited for bravery."

Further fields of usefulness require experts in sports and education, and motor mechanics. Hundreds of men, with a capacity for leadership in mass athletics are needed. Men who drive their own automobiles are being recruited for the motor transport service in France. Prominent educators are enlisting for the great Klaki College that Gen. Pershing has authorized in conjunction with the training in the concentration camps back of the western front.

The War Personnel Board of the Central Military Department, comprising fifteen middle western states, reached its high mark in recruiting men and women for Y. M. C. A. service in June, when a total of 747 men and women were enrolled. This was considered a typical month in recruiting. Of this number 495 men and 23 women were assigned to overseas duty. The number enlisted for work in the home camps was 229 men. Illinois and Chicago took the lead in recruiting, with a total of 144 men and women assigned to foreign and domestic duty. Ohio followed with 83 men and women and Iowa took third place with 73 recruits. Indiana and Kentucky tied for fourth place, with 69 recruits from each state. Other states represented in a table of totals for recruiting just received as follows: Colorado, 34; Kansas, 37; Michigan, 41; Minnesota, 64; Missouri, 52; Nebraska, 25; North Dakota, 15; South Dakota, 4; Wisconsin, 34; Canada, 3.

Washington, D. C., August 1.—The commercial stocks of wheat reported to the Department of Agriculture in a food survey dated July 1, 1918, amounted to 9,237,059 bushels, according to a statement just issued by the department. This refers to stocks actually reported and does not represent an estimate of the total commercial stocks of the country; neither do the figures include stocks on farms on July 1. The commercial stocks reported were held by 7,989 firms out of a total of 12,019 submitting reports, the firms consisting of elevators, warehouses, grain mills, and wholesale grain dealers, and were equal to 28.8 per cent. of the stocks held by the same firms on July 1, 1917.

STATE TROOPS OF KENTUCKY TO HAVE VOTE

Kentucky Soldiers and Sailors to Play Part in November Election But Excluded From Primary.

Frankfort, Ky. — Party campaign committees in Kentucky will have a new and important work to perform and one that will require real system and activity; which, in fact, may be a determining factor in the November election — rounding up the soldier vote. For the first time Kentucky soldiers in the field, and all other absentees, whose regular occupations call them away from home, will have an opportunity to vote for Senator, Congressmen and Judges this fall.

There are some 75,000 Kentuckians in the army and navy. Probably over 60,000 of these are voters. How many will be in France by election time is problematical. Many of them will. These cannot vote, because application for the ballot can be made not more than sixty days before the election, and they could not get their ballots in time and get them back. A special committee in charge of the bill at the last session of the General Assembly found that to extend the time would throw the whole primary and general election laws into confusion.

There will be, however, thousands of soldiers in camps in the United States, many thousands more than there are now. Ten thousand will go next month, all over 21 years old. Many soldiers will be on shore duty or within reach. The combined vote presents pretty possibilities for the skilled election manager.

No soldier votes will be cast in the primary next Saturday. Candidates for United States Senator, for Congressmen in each of the eleven districts and for Judge of the Court of Appeals in the Second Appellate District and for Circuit Judge in the Fifth District will be nominated.

Democrats will nominate in the primary only a candidate for United States Senator, Judge of the Court of Appeals in the Second District and Circuit Court in the Fifth District.

MASON COUNTY PIG CLUB BOYS PLAN FOR FAIR

Members of the Pig Clubs of Mason County Are Getting Busy for the Germantown and State Fairs—Winner at Germantown Will Go to Louisville.

County Agent E. Frank Boyd, Jr., spent all of yesterday calling on the many boys in this county who are members of Corn Clubs, Pig Clubs and the County Huffer Club.

Mr. Boyd reports all of the boys very enthusiastic over the show at the Germantown Fair. The winner of the contest at this fair will be sent to the State Fair at Louisville with all expenses paid by the state and will compete for the full bred pigs offered as prizes there by Governor Stanley.

The County Agent says that the boys in the County Huffer Club have been taking splendid care of their huffers and that they are in fine condition and according to his judgment will bring fancy prices when they are offered for sale at a big public sale to be held in Maysville in the fall.

The boys in the Corn Club had been somewhat discouraged until the recent rains but they are now full of vim and are certain that they will have a good crop of corn from their acres when gathering time comes.

VALUABLE ADVICE

Mayeville Citizens Should Profit By The Following Statement.

Doan's Kidney Pills were used by this Mayeville resident. Their merit was shown—the story told. Now comes further evidence. The testimony is confirmed. The remedy was tested—the results lasted.

Could Mayeville residents demand stronger proof? It's Mayeville testimony. It can be investigated. A Sorrier, lock and gun-smith, W. Second and Wall Sts., gave the following statement in January, 1912: "The action of my kidneys was irregular and the kidney secretions contained sediment. I had backache and when I stooped over, I had trouble in straightening up. Colds settled in my back and kidneys, too. Doan's Kidney Pills stopped the trouble and my back and kidneys became as strong and well as ever."

A LASTING EFFECT

On November 14, 1916, Mr. Sorrier said: "I am the same strong believer in Doan's Kidney Pills today, as when I gave my former endorsement. I haven't had any trouble with my kidneys in that time and I believe the cure they gave me will be permanent."

Mr. Sorrier is one of many Mayeville people who have gratefully endorsed Doan's Kidney Pills. If your back aches — if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS. The name that Mr. Sorrier had—the remedy backed by home testimony. 50 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

FATHER OF OLD RUGGLES SENDS WORD OF GREETING

Rev. H. C. Northcott Now Nearing the One Hundredth Mile Post Sends Word to Campers--Association Elects Officers.

(By J. H. R.)

Ruggles Campgrounds, July 31.—The annual meeting of the Campmeeting Association was held this morning. Organization was perfected by the election of Rev. W. H. Davenport President and J. H. Richardson Secretary.

There was a large attendance of both ministerial and lay members of the Association.

The report of the Board of Directors and the Annual Report of the Treasurer were read and approved. The auditing committee appointed to go over the treasurer's report found everything O. K.

The election of laymen to membership in the Association resulted as follows: I. M. Lane, John R. Brodt, H. Carr, Pollett, Dr. J. J. O'Hannon, George N. Harding, J. R. Hinton and J. H. Richardson. From this number the following were elected as lay members of the Board of Directors: I. M. Lane, John R. Brodt, Dr. J. J. O'Hannon, J. R. Hinton and J. H. Richardson. These men with the pastors of the churches at Maysville, East Maysville, Tollesboro, and Vanceburg, and the district superintendents of the Ashland and Covington districts compose the Board of Directors who will have charge of the executive work of the campmeeting for the coming year.

The Association requests the writer to say to the public, particularly those who come in automobiles that the large woods is free for parking purposes. There is, however, an inclosure for parking under the privilege of the stable man which is used for parking. For a nominal fee autos can be parked here and taken care of.

The Association went on record as expressing the greatest appreciation of the excellent service being rendered by Miss McClellan as pianist and Dr. Dadds as chorus director. They also instructed the Board of Directors to enter into a contract with both as soon as possible for next year's campmeeting. Superintendent Davenport was authorized to express to them publicly the action of the Association. This was a deserved move. For never in its history at Ruggles Campmeeting has there been such singing. And the whole credit is due Miss McClellan and Mr. Dadds.

Rev. W. W. Shepherd, District Superintendent of the Louisville district, Rev. J. M. Lital of Covington, and Rev. John O. Gross of Cincinnati, arrived this afternoon.

A long-distance telephone message was received this morning from Rev. E. R. Overley who has been expected

daily at the campmeeting, stating that Mrs. Overley was quite ill at their home in Cincinnati and that he would be prevented from attending this year. This will be regretted sincerely by all.

Miss Lila Chilver of Ewing arrived this afternoon and will be the guest of the Misses Williams.

Mr. R. L. Cooper and family of Recktorville, moved into their cottage this afternoon. Still they come. There is always room for a few more. Come along.

Mr. and Mrs. Oral James Mrs. Virginia Carpenter and Mrs. Frank Carpenter of near Maysville, spent the day in camp.

Mrs. Samuel N. McNitt and little girl, Alice Wood, came out today for a short visit with their father and mother, Major and Mrs. John Walsh.

This has been one of our very best days. Rev. E. R. Ritchie led the early prayer service. At 10:30 Dr. Jolly preached an excellent patriotic sermon. At this service Miss Lillian Muse and Mr. Dadds sang very beautifully the solo "Alone." At 3 p. m. another fine young people's meeting with Rev. John Chapp as leader. Then at 8 p. m. the great evangelistic service. The evening service is always preceded by a half hour's musical service. This is the time to hear the big choir at its best. A special number was given by a man's double quartet. The audience was the largest of the campmeeting—larger considerably than either of the Sunday crowds. Dr. Nichols preached on "The Friendship of Jesus." It was a wonderful service, closing with a stirring testimony meeting. Dr. Nichols is holding the crowds with his powerful messages. He is also a genius for organization as in getting his forces ready for a grand wind-up for the campmeeting.

A special message of greeting has been received from Father Northcott to be read at the memorial service tomorrow. By permission we are permitted to give it. Such a message from a man nearly a century old is surely remarkable.

Greetings From Rev. H. C. Northcott To the Worshipers at Ruggles Camp:

Greeting: My heart is with you in all the services of the whole campmeeting. I would delight to see you and feel the warm hand of Christian friendship, and return the same to each of you. But more especially on this memorial day when partaking of the emblems of the broken body and shed blood of the Son of God; we memorialize the death of Him by which we hope for eternal life. It was this hope founded on this death that cheered and comforted the hearts of those of former worshippers here in their dying hours. We may well require memory to fill its office in recalling their lives and Christian virtues, and realizing the great loss their passing away has been to us, but their eternal gain. Thank God they are safe, but we are still toiling in hope. But they are still our brethren. We are one, "One army of the living

God." They sing the Lamb in hymns above, and we in hymns below." But my mind runs further and further back until it reaches the feeble beginnings of this campmeeting. Please allow me to call up some of those who helped to lay its foundations. Among them stands out our dear Brother Roberts from Maysville who was ready with his presence, counsel and money, to help in its initial life to make it strong and permanent. There was Mrs. Jane Morris who never failed to be here in her cottage at the beginning, and to pray and work and talk for the Master. And Cap. Isaac Kelly of Mt. Carmel. He not only owned and occupied one of the first cottages but was a wise and discreet politician and in many ways aided in the work. From Tollesboro came George W. Jordan and Dr. William Bowman whose friendship was seen in their cottages and their presence for many annual occasions. Miss Wallingford, long its Treasurer and cottage owner has passed to the company within the vine. More prominent than any other stands out William Ruggles who is the good providence of God owned these grounds and who, moved by His grace, offered to his use on such reasonable considerations that we were able to make them the property of the Association. There was a noted Mother in Israel coming to us from the Christian Church, Mrs. Degman, who became one of our efficient workers, and often led the Mothers' Meeting with great skill and loving spirit.

Mrs. Hamrick, widow of Rev. Thomas Hamrick, was a devoted friend and fellow worshiper. Others were Jesse and Thomas Ruggles, Henry Smith. There are many others equally devoted, but my memory does call up these names. But what a company of glorified souls! They have gone on before us. We are following them to their blissful abodes. They were faithful unto death and enjoy now the crown of life. Let us never forget their devotion to Christ, and love for this campmeeting, and keep their lives in view as incentives to make this place more and more the birthplace of immortal souls, who would otherwise not be brought into the Kingdom. If from their blissful homes they could speak to us today they would say to us "Leaving the things that are behind press toward the mark for the Prize of your high calling which is God in Christ Jesus."

When it comes to story-telling some of these dear old preachers who have traveled the mountain districts most of their lives, can just take the premium over all. Here is one of his prize stories:

The speaker and an old fashioned mountain preacher were holding a meeting in one of the mountain villages and they decided to take a walk to visit some of the villagers. They were going down the road and the preacher said, "Let's go in here," to which the speaker replied, "No, there's no use, she is a hard shell Baptist and you can't do any good with her, besides she has a very honky yellow dog." The preacher turned to him and questioned his faith in the Lord being able to protect him from the yellow dog. He of course told the fellow he believed the Lord would protect him from the jaws of the yellow dog if he told him he would but that he had not told him so. But he told him he would go in with him if he wanted to. They started in and the yellow dog poked his head out from around a pile of logs. They went on in untouched by the dog and it happened that the preacher knew some of this lady's relations and they were very well accepted. After some time of conversation the preacher asked the lady if she objected to prayer. She replied, "Of course not." So they got down on their knees the lady remained seated with her back to them, knitting and the preacher started to talking to the Lord about the lady's salvation. Pretty soon the yellow dog poked his head in the door, being disturbed by the loud praying, and made his way over to where the noise was coming. Not being satisfied with the preacher's continued conversation with the Lord and apparently not understanding the meaning of the situation he grabbed the preacher by the calf of the leg with an angry growl. Just then the preacher shouted "Hallelujah, I am bit by the dog." As soon as he finished he turned to the speaker and said "Didn't the dog bite you?" He replied, "No." "I saw him coming and kept out of his way." "Why didn't you keep him off of me?" asked the preacher? to which the speaker replied "I thought the Lord would."

The preacher asked "How did it come that you did not keep your eyes closed during the prayer and continue with me in the prayer?" To this the speaker replied "Does not the good book say 'Watch and Pray'?"

The same preacher told another instance which occurred in one of the mountain towns in which he held a pastorate. Another church in the town was having a big meeting. This patriotic church preached baptism by immersion, and was having pretty fair success in drawing some of the weaker members from the other churches. Some of the prominent Methodist members came to their pastor, the teller of the story, and told him that he would just have to preach a sermon on baptism in self-defense. The preacher refrained for some time, not desiring to stir up any excitement on such an antiquated subject. However, as the members were being made into his flock by the zealous work of the preacher of the "immersionists" that the Methodist preached finally consented to preach a sermon on baptism. In the sermon he made the statement that one of his objections to that mode of baptism was that it could not be performed without a certain degree of levity. Of course the other preacher got wind of the sermon and upon meeting the Methodist the next day, took him to task for the statements made. He asked the Methodist if he would be willing to change his views if he was given to see that the rite of baptism could be given by immersion without levity. To this the Methodist brother replied "Yes." The other preacher informed him that he had about thirty to baptize that day in the river nearby and invited the preacher to come and see how it was done. Now it happened that one of the converts at the revival was Sister Smith, a neighbor to the Methodist preacher and a member of his church. The time of the year was during the cool months and the water was just a little chilly. As fortune would have it Sister Smith was the first one taken in. The preacher proceeded with the ceremony very well until the lady was put under the water. She came up in a hurry with the exclamation, "Good Lord, if I'd known't the water was so cold you'd never got me in here." Of course the Methodist preacher had the best of the argument.

Clad only in nightgowns and overshoes and chasing a coyote carrying a pair of fat hens in its mouth for a distance of half a mile in zero weather was the stunt of Ernest Barnes, a farmer near Smith Center, Kan.

HOW THIS LITTLE BOY

Recovered Strength After Sickness

Garrett, Texas.—"The measles left my little boy aged nine years in a very weak, run down condition—he coughed a good deal, and as medicines did not seem to help him, we finally took him out of school, and thought he would never be strong again. One day I read about the cod liver and iron tonic known as Vinol, and such a change as it has made in my little boy—it stopped his cough, he is now back in school, strong and well."—Mrs. E. A. Wright.

There is nothing like Vinol to restore strength, appetite and vim to pale, sickly children. We strongly recommend Vinol for this purpose. John C. Pecor Drug Co., Maysville, Ky., and at the best drug stores in every town and city in the country.

OF INTEREST IN THIS STATE

Roads Must Be Kept Clean

Frankfort, Ky.—Officials of Todd county have asked the Attorney-General's department for a construction of the law passed at the last session of the General Assembly providing that property owners must clear the road abutting their property of weeds, brush and other obstruction.

The Todd county officials were desirous to know if the law compelled property owners to clear the right of way.

Assistant Attorney-General Howerton gave the opinion, holding that the farmers must clear the road only up to the right of way. County authorities, he said, are compelled by law to maintain the highway. He did not believe that the Legislature intended to shift this burden from the county officials to property owners.

Anstran Is Jailed

Lexington, Ky.—Charged with being an alien enemy engaged in spreading German propaganda, Joseph Paestertsch, an Austrian, is in jail here, subject to investigation and disposition by the Department of Justice. He is a miner, and has been working in mines at and near Fleming, Ky., from which point he was brought to Lexington.

Saloons Within Camp Zone

Lexington, Ky.—A survey by City Engineer Whitin Guy and Captain J. W. Harding, of Camp Buell, disclosed that six saloons are within the half-mile radius of the temporary encampment at Camp Buell. No order of abatement will be issued until the War Department is heard from upon the subject, inasmuch as the temporary quarters are to be abandoned for another location September 1, or before that date.

Cattle Breeders to Meet

Lexington, Ky.—Holstein cattle breeders in this state will meet at Lexington Friday for a discussion of problems growing out of their business.

Eighty thousand women are serving with the Red Cross ambulances and hospitals in France, Algeria, Morocco and in the Orient.

Two Fleming County Farms For Sale

Mr. George W. Foxworthy has listed with us two very desirable farms. Farm No. 1—The home farm, where Mr. Foxworthy now resides 5 miles East of Flemingsburg, contains 116 acres, and has on it a good residence, large stock barn, tobacco barn, two silos and the usual outbuildings found on a well-improved farm; also an abundance of fruit of various varieties. About 80 acres of this farm is in and the land is all in high state of cultivation.

Farm No. 2—Contains 92½ acres; adjoins the town of Mt. Carmel; has on it a new tobacco barn; and this farm is also in good state of cultivation. While there is no house on this land, there is a nice home close to the farm that can be bought very reasonable.

For particulars as to price, etc., see the undersigned or Mr. Foxworthy.

Best Food Poster by any High School pupil in Mason, Bracken or Robertson counties.
Offered by Farmers and Traders Bank, Maysville

Best Food Poster by any resident of Mason, Bracken or Robertson counties.
In awarding prizes for food and posters the value of the subject and the excellence of execution will be considered.

All posters competing for prizes must be at the United States Food Administration Tent by noon Tuesday, August 27. Prizes will be awarded Tuesday afternoon and tent open to the public Wednesday morning.

Rev. A. F. Stahl and Messrs. George H. Frank and J. Ed Parker left this morning for Lexington to attend a Christian Church Conference to be held today at Transylvania University.

STATE PRIMARY ELECTION HELD ON TOMORROW

Republicans and Democrats Will Select Candidates For United States Senator at Tomorrow's Primary Election.

The Kentucky State primary election will be held tomorrow and both the Republicans and Democrats will select candidates for United States Senator to fight it out in the coming November election.

The poles will be opened at the usual time and will close at the usual time. The officers of the election were chosen by the County Election Commissioners at a meeting held several weeks ago and all of the officers have been notified of their appointment. It will be necessary to make some few changes on account of illness and for other reasons and these changes will be made today in time for the men chosen to be notified so that they can serve tomorrow.

In the county precincts the election will be held in the usual places and in the city of Maysville the election will be held in the following places:

First Ward—Gables' Coal office.
Second Ward—Sheriff's office.
Third Ward—Russell's warehouse.
Fourth Ward—O'Neal Coal office.
Fifth Ward—Squire Dresel's office.
Sixth Ward—Dryden's coal office.

There has been less interest shown in this election than in any election held in the state of Kentucky in many years. The great conflict in Europe has caused the people to turn all of their attention to the progress of our forces over there and therefore no attention has been paid to party politics.

The absence of so many voters who are now wearing khaki will more than likely have its effect on tomorrow's election. The absence of so many voters coupled with the little interest in the contests is expected to cut the vote down to half or even less. Normally there are about 4,000 votes cast in Mason county but this year it is expected that there will be less than two thousand.

The only contest in this election is for the nomination for United States Senator and the candidates are as follows:

Republican
B. J. Ithurnum, of Somerset.
Ben L. Bruner, Louisville.
Democrat
Olie M. James, Marion.
William Preston Kimball, Lexington.

The chief fight seems to be in the Democratic ranks in this county and the county organization is strongly supporting Senator James who is now confined to Johns Hopkins Sanatorium and is unable to take an active part in the fight.

INSANE NEGRO TO BE TRIED TODAY

Aunt Ann Shepherd, the aged colored woman who was taken in custody yesterday morning suffering from a deranged mind, will be brought before County Judge H. P. Purnell and a jury for an inquest this morning.

Mrs. Garrett Jones and daughter, Alma, have returned to their home at Tollyboro after a few days' visit with her sister, Mrs. James T. Evans.

Mr. and Mrs. George Shipley and son, Everett, are spending a few days in the county visiting their parents, Mr. and Mrs. Q. R. Shipley.

Mrs. James T. Evans, who had a tumor removed from her shoulder by Dr. J. H. Samuel about ten days ago is getting along nicely.

ANOTHER NEGRO GIRL GOES ON POLICE BLACK LIST

Dellah Jackson is Put Under \$100 Bond and Must Clear the Streets at Eight O'clock Each Evening—Police Will Enforce Order.

Dellah Jackson, colored, who is charged with being another negro girl in the same class with "Topsy" as a street walker, was before Police Judge John L. Whitaker yesterday afternoon on a charge of loitering and was given the same treatment by the court as was given "Topsy."

She was placed under a \$100 bond and informed that if she was caught on the streets after 8 o'clock at night she would be arrested and the bond would be forfeited.

Judge Whitaker explained to the girl that the city work house had been put in good condition and that a fresh supply of soft stone had been brought in so that if her bond was forfeited she could spend one hundred days on the rock pile.

Judge Whitaker made it very plain in his admonition to the girl that he would take no foolishness from the negro women known as common street walkers, and that Chief Ort and his men would enforce the law to the letter as regards them.

TOBACCO USERS WILL HELP PAY THE WAR EXPENSES

Taxation on Tobacco and Tobacco Products Will Be Greatly Increased in New Revenue Bill.

Washington, August 1.—Doubling of the present special taxes on manufacturers of tobacco, cigars and cigarette and increased taxation of brokers, theatres and other amusements, billiard and pool parlors, bowling alleys and capitalization of corporations, were agreed on by the house ways and means committee today in framing the \$500,000,000 revenue bill.

A new tax of one per cent. on retail sales of mill order houses doing more than \$100,000 annual business was adopted. Pullman seats and berths and passenger rates will be subject to uniform tax of 8 per cent. Stamp taxes were redistributed.

Taxation of tobacco manufacturers but not retail dealers, was considered by the Committee today. The tobacco schedule as adopted provides that sixty days after the passage of the new law and thereafter on July 1, of each year, a special tax computed on the basis of sales of the preceding fiscal year will be made as follows: Tobacco manufacturers with annual sales not exceeding 50,000 to 100,000 pounds, \$12; 100,000 to 200,000 pounds, \$24; all in excess of 200,000 pounds 16 cents per thousand pounds; cigar manufacturers with annual sales not exceeding 50,000 cigars \$4; not exceeding 100,000 cigars, \$6; not exceeding 200,000 cigars, \$12; not exceeding 400,000 cigars, \$24; all above 400,000 ten cents per thousand cigars, cigarettes manufacturers, including small cigars weighing not more than three pounds per thousand, 3 cents for every 10,000.

LIBERAL RESPONSE TO CALL FOR MORE BOOKS

All Who Have Books For American Soldiers Are Urged to Send Them to the Public Library at Once.

Miss Richeson, Mason County Librarian, is expecting a ready response from the people of Maysville and Mason county to the appeal she sent out yesterday for more books for the soldier boys overseas and in American cantonments.

Miss Richeson points out that it is not necessary for the books to be up-to-date fiction as some seem to think but all interesting books are desired. The Library Association hopes to be able to make a shipment in the very near future and Miss Richeson hopes that Mason county will have the same showing in the next shipment of books going overseas that she had in the last shipment.

All books should be delivered to the Public Library or should be left at the Chamber of Commerce. Those who have a large number of books to contribute to the soldiers should advise the Public Library and an automobile will be sent for them but those who can possibly deliver the books are urged to do so.

MUSIC PLANNED FOR THE FUTURE BY ORGANIZATION

Chamber of Commerce Seeks to Have Closer Co-operation of Merchants in the Future and Also Sees Need of Band and Community Chorus.

The need of music in a community is felt in Maysville about as much as in any city. There was one time when Maysville could boast of the best brass band in the state of Kentucky and, for that matter, there were few bands in the whole country that could compare with the old Maysville Band.

Only a few months ago a good musical organization was brought together here but it soon died down and during these war times when we see the need of a band so much is a good time to suggest its organization.

Many communities have organized choruses where they cannot secure a band and this community singing in helping greatly to win the war.

In its bulletin to be issued within the next few days, the Maysville Chamber of Commerce incorporates the organization of such musical organizations in its future outlook.

Under a sub-head of "Future Outlook" the Bulletin says:

As we look into the future in an endeavor to plan the work for another year, we see many things we would like to do. We would especially like to obtain closer co-operation between the merchants of our city. Many of the young men have gone to the army and the older men into government work, so it will be necessary for some mighty hard work in an endeavor to keep the usual amount of business passing through our channels of trade.

We are also planning to render a greater service to our industries. We have as fine a lot of industries as any city our size could wish, but they need and deserve our encouragement and help. We can be of especial assistance to them in these times of severe labor troubles.

There is not a citizen but who has felt the need of a band, since patriotic programs have become so popular and necessary. We can and should have a band. Moral encouragement to the proper persons is all that is necessary. We should and could have an orchestra. A municipal chorus would lend much assistance in stirring our civic and patriotic pride. A singing community is always a happy community. Let's have more social enjoyment this fall. We must have a refreshment of the mind during these war times.

WAR FEATURE IS GOOD ONE

"Over There" was the title of the big war feature shown yesterday at the Pastime Theater. It was one of the best war pictures that has been seen in Maysville for some time and there was a large crowd in the theater at each showing. The management of the Pastime is now offering their patrons some very high-class pictures.

ROAD SIGNS HAVE ARRIVED HERE

Some time ago the Goodrich Rubber Company agreed to furnish the Maysville Chamber of Commerce with several large signs marking the distance and direction to Maysville. These large signs will be erected on some of our main pikes in the very near future.

FINED FOR BREACH OF THE PEACE

Belle Jones was fined \$6.40 in Squire Fred W. Bane's Court last night on a charge of breach of the peace. It was proven that the defendant and a woman by the name of Mollie Pett engaged in a quarrel in Short street and the Jones woman struck the Pett woman.

ATMOSPHERIC COLLISION

An automobile driven by Mr. Frank Ellet ran into the rear of a machine driven by Thomas A. Keith, Jr., in West Second street in front of the Washington Theater last night. No damage of any consequence was done either car.

ASKS FOR DIVORCE

Attorney M. J. Hennessey, of Augusta, yesterday filed suit in the Mason Circuit Court for Mrs. Sue L. Mcford against her husband W. J. Mcford, asking for a divorce. The plaintiff charges cruelty and that the husband had threatened her life.

Mrs. Clarence Matthews, of East Second street, is visiting relatives at Ripley, Ohio.

ANNOUNCEMENTS

W. J. Fields is a candidate for the Democratic nomination for Congress from this, the Ninth Kentucky District, at the primary election to be held Saturday, August 3, 1918.

BYRON LAD IS AGAIN CHARGED WITH ROBBERY

Small Boy Recently Released on Charge of Making Three Hold Daylight Robberies, Is Now in Jail Facing the School of Reform.

Edward Byron, twelve year old lad, son of Mr. and Mrs. John Byron of the West end and employed as a devil at the Bulletin office, was arrested yesterday shortly after noon on a charge of home breaking and is now in the county jail awaiting a hearing this afternoon before Juvenile Judge Harry P. Purnell.

About noon yesterday, while Mr. Frank Devine, local real estate man and proprietor of the Devine cigar store in Market street, was at his dinner, some one entered his store by raising a screen on one of the rear windows and stole \$1.45 from the cash drawer in the front of the store.

As soon as Mr. Devine discovered the robbery he reported the matter to the police and an investigation was begun. Folks in the neighborhood had seen a small boy going through the alley in the rear of the Devine store and a workman at the Traxel bakery identified the boy as Edward Byron.

Byron was arrested by the police but he denied the robbery and said that he knew nothing of it. Chief Ort took him to the employee at the Traxel Bakery and he was identified as the same boy seen coming through the alley. Still the boy denied knowing anything of the robbery until he was taken to Chief Ort's private office and he then made a clean confession and produced the money.

This youngster was arrested a short time ago for robbing the same store and several others as well and at that time he made a confession. He was released upon his promise that he would reform and that he would work steadily and pay back all of the money he had stolen.

It appears as though the object lesson the police gave him several weeks ago did him absolutely no good for in a very short time he tries the same stunt over again in the middle of the day.

Chief Ort yesterday afternoon ordered the boy locked up in the detention ward at the county jail where he will be held under the jailer's care until this afternoon when he will be given an examination before Juvenile Judge H. P. Purnell and it looks very much as though the youngster is bound for a trip to the state School of Reform at Greendale.

BOYS STEAL TOOLS

Very Small Boys Break Into John Kain's Wagon Plant and Steal Valuable Tools Which Are Recovered.

On last Sunday afternoon some small boys broke into the manufacturing plant of John Kain on lower Limestone street and stole a knife, a pair of pliers and several other valuable small tools.

The matter was reported to the police and an investigation was started. Following certain clues they had picked up the police yesterday took into custody three small boys all of whom are under ten years of age. Their names were Crockett, Myers, and Gunn. The lads made a confession to the theft, returned the stolen goods and were released after they were given a good lecture by Chief Ort.

REVENUE ASSIGNMENTS

The Collector of Internal Revenue for the Seventh District of Kentucky has made the following appointments for local distilleries:

H. E. Pogue Distilling Co.—J. A. Breslin, storekeeper-gauger in charge; W. C. Slye, additional.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Haefflich's Catarrh Medicine acts thru the blood on the mucous surfaces of the system. We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Haefflich's Catarrh Medicine. Circulars free. All druggists, 75c. F. J. CHENEY & CO., Toledo, O.
